## Travel news

I am delighted to announce that Harbour City Travel ([www.hct.co.nz](http://www.hct.co.nz)) will be providing our network with their expert news, information and tips concerning travel!

This month's travel tip:

**TRAVEL INSURANCE:** You get what you pay for. It's all in the fine print.

Travel Insurance policies have been heavily tested because of Eyjafjallajökull erupting. People have been caught out with either no insurance and or incorrect cover resulting in a less than desirable payout. There are many travel insurance providers in the market place. Please make sure you have the travel insurance appropriate for your wants and needs.
