## **ePetitions**

Concerned about what is happening in Wellington city?

The Wellington City Council website has a section where you can load "ePetitions" to voice your concerns on matters that are within their jurisdiction.

Other people can access and electronically 'sign' your petition if they support it (and you can support ones that other people raise).

When an ePetition closes, it is presented to a committee/sub committee meeting in the same way as a traditional paper petition is.

To find out how to create and promote your ePetition on the WCC website, go to [www.wellington.govt.nz/haveyoursay/e-petitions/ep/](http://www.wellington.govt.nz/haveyoursay/e-petitions/ep/)
